

Chinese-German Centre for Impact Assessment (CGCIA) – IGSNRR workshop, Beijing

## CGCIA Workshop – IGSNRR, Beijing

### *Research Collaboration on Impact Assessment of Land Use Changes and Ecosystem Services Policies and Management*

**02 November 2011**  
**IGSNRR, Conference Room 2321**  
**11A Datun Road, Chaoyang District**

#### **Draft Agenda**

9:00 *CHENG Shengkui*, Deputy Director, IGSNRR-CAS  
Opening remarks and IGSNRR Introduction, research activities

#### Session 1: Research Collaboration and Funding Systems

*Chair: Lin Zhen*

9:25 *Katharina Helming*, Head of IA Research Group, ZALF, Germany  
CGCIA – background, motivation and prospects, scope of the meeting

9:40 *Jessica Mitchell*, Delegation of the European Union to China and Mongolia:  
EU-China R&D cooperation in the FP7 environment theme and prospects for the future Horizon 2020 programme

9:55 *Heike Strelen*, Chinese-German Center for Research Promotion:  
Promotion of research collaboration, schemes, activities and prospects

10:10 *ZHAO Shidong*, Leading scientist in ecosystem research, IGSNRR-CAS  
Brief introduction to the proposed joint project on promoting forest management in China between BFN and IGSNRR

10:20 Discussion

*Coffee break and photo*

#### Session 2: Multifunctional land use, environment, and climate change adaptation

*Chair: Yanhui Wang*

10:45 *WANG Yanhui*, Deputy Director, Institute of forestry ecology and environmental protection, CAFS :  
The Forest-water Interaction and its Integrated Management in the dryland areas of China

11:00 *HUANG Heqing*, GLP Executive Director, IGSNRR. CAS:  
Persistence of precipitation series in the farming-pastoral zone of Inner Mongolia, China

11:15 *XU Zengrang*, IGSNRR, CAS: Impact of dung combustion on carbon cycle of

- 11:30 alpine grassland in Tibet  
*Li Fen*, Division Manager, Beijing Office of Shenzhen Institute of Building Research Co.,Ltd  
Assessing and designing urban land use from ecosystem service perspective
- 11:45 *Discussion*
- 12:00 *Lunch (AoBeiTianXiang Restaurant, ab.5 min walking from Meeting Room)*

---

Session 3: Multifunctional land use and ecosystem services

---

*Chair: Katharina Helming*

- 13:30 *ZHANG Huiyuan*, Department Director, Chinese Academy for Environmental Planning  
Environmental Policy and Strategy in China: Status and Plans
- 13:45 *YU Xiubo*, Department Director, IGSNRR-CAS: Understanding the Relationship of Landuse Change, Biodiversity and Ecosystem Services - A Case of Poyang Lake Basin
- 14:00 *Ulrich Stachow*, Leibniz-Centre for Agricultural Landscape Research, ZALF:  
Landscape scale approaches to combine agricultural systems with biodiversity protection
- 14:15 *Lin Zhen*, Deputy Research Unit, IGSNRR. CAS:  
Assessing rural households from ecosystem service provision and consumption perspective
- 14:30 *PAN Jiahua*, Director, Institute of Urban and Environmental Studies, CASS:  
Multifunctional land use based on climate change and renewable energy scenarios
- 14:45 *Discussion*

---

Session 3 General Discussion on CGCIA activities

---

*Chair: Katharina Helming and Lin Zhen*

- 15:00 Research needs and topics  
Activities (research, training, data systems, monitoring, tools, method comparison, networking)  
Funding opportunities  
Other items
- 15:45 Wrap up and closing
